

STATEMENT OF PURPOSE

RS22929

This legislation creates a process whereby the Idaho Transportation Board may provide for the maintenance of a highway that is not being adequately maintained by a county or highway district. Upon approval of a petition to take over maintenance, the Board may either undertake the maintenance itself or it may contract with another county or highway district to do so. The actual cost of the maintenance would be paid out of funds that otherwise would have been allocated to the county or highway district that was not providing adequate maintenance. This funding arrangement may later be modified or terminated.

FISCAL NOTE

There is no fiscal impact to the General Fund.
